

HELP!

Temporary Fostering Solutions

Thousands of people each year find themselves in a position where they are no longer able to provide shelter for themselves, much less for their pets. Many owners don't want to surrender their pets but find little choice. In order to help people keep their pets, the following organizations provide temporary short-term and/or long-term foster care so that your animals can be cared for while you're getting back on your feet. Please note, Cat Guardians is in no way affiliated with any of the following organizations, so you will need to contact them directly for information on their programs and their policies.
